

PRESS RELEASE
1st AUGUST 2012, TALLINN

BaltCap is the leading independent private equity firm focusing on midmarket buyout and expansion capital investments in the Baltic States.

BaltCap has strong presence in all three Baltic countries with local offices and experienced team.

Since 1995, BaltCap has been managing several private equity and venture capital funds with total capital of over EUR 190 million and has made more than 50 investments.

BaltCap is a member of European Private Equity & Venture Capital Association (www.evca.eu), Estonian Private Equity and Venture Capital Association (www.estvca.ee), Latvian Venture Capital Association (www.lvca.lv) and Lithuanian Venture Capital Association.

BaltCap is a signatory to the United Nations Principles for Responsible Investment (UNPRI) since 2008.

BaltCap completed wind farm investment in Estonia

BaltCap invested in the construction of 18MW Mäli & Tamba wind farm on the west coast of Estonia. The farm uses modern 3MW turbines produced by Enercon.

Senior loan facility was provided by the consortium of SEB & Nordea banks, the project is partly financed by investment grant from Environmental Investment Centre.

The wind farm will be operational from September 2013.

“In Mäli & Tamba wind farm we are combining one of the best wind locations on the coast of Estonia with one of the most efficient turbine technologies on the market,” said BaltCap’s managing partner Peeter Saks.

“BaltCap is also proud to invest into green energy as we have been one of the front-runners of socially responsible investing in the Baltic countries.”

Mäli & Tamba wind farm is BaltCap’s second energy-related investment after Energate, a natural gas distribution network in Estonia.
